

TY-CSP1 360 degree camera speakerphone

AVAILABLE FROM JULY 2022

Note: Release date and model availability varies by country or region.

Providing a more realistic feeling with the 360-degree camera speakerphone

• Optimal Video and Audio Transmission

TY-CSP1 is a hybrid conference terminal that enables 360-degrees horizontal shooting using four cameras and features microphones and speaker that also cover a wide range of 360 degrees. It supports natural communication with people participating in web conferences with its clear sound collection and amplification.

• Simple Operation

For easy set-up and use, video and audio are shared to the PC via a single USB cable to save labor when preparing for a meeting. Volume and Video views can be controlled using the buttons arranged on the main unit pedestal. Operating status is instantly visible from the coloured LED ring on the unit, it is possible to operate it intuitively.

• Installation and Portability

With a diameter of $\phi 63.4$ mm (2.5 inches) that is easy to grip, it is possible to freely carry it around inside the office and easily carry out web conferences. Alternatively, it can be attached to a tripod or set securely fastened with security slots.
