Targus® ErgoFlip™ EcoSmart™ Mouse

- Manufactured from up to 85% post-consumer recycled materials
- Unique patent-pending ambidextrous design allows easy conversion from left- to right-handed use with a simple twist of the top module
- Features DefenseGuard™ Antimicrobial Protection, which creates a cleaner surface and works continuously to protect the mouse by preventing the growth of microorganisms*, ideal for any multi-user environment.
- Ergonomically sculpted to fit both hands
- Leveraging Atmotic(TM) low energy Bluetooth® chipset which consumes upto 4x less power vs standard Bluetooth mice to ensure ultra-long battery life up to 14 months normal operation and 3 years standby time**
- Always-ready, reliable connection with Bluetooth® LE 5.0 and switch connection between upto 3 devices at a click of a button
- Integrated BlueTrace® technology for usage on almost any surface*, perfect for hybrid working
- Adjustable sensitivity up to 4000 dpi when high precision is required or high resolution monitors being used
- Includes 1 x AA battery
- Compatible with Windows®, macOS® ChromeOS™ and iOS®

Designed for Sustainability

This eco-friendly mouse uses 85 percent of recycled post-consumer plastic in its main material and comes in packaging made from recycled materials. Furthermore, it uses low energy Bluetooth® technology from Atmotic(TM) to ensure upto 4x less power required compared to standard Bluetooth mice, enabling up to 3 years battery life**.

Truly Ergonomic and Ambidextrous

This mouse delivers superior comfort, flexibility, and precision for right- and left-handed use. This innovative, six-button ergonomic ambidextrous design works by simply lifting up the top and spinning it around to easily convert it from a right- to left-handed mouse.

Gaming-Level Performance and Precision anywhere

This mouse is equipped with a high-performance 4000 dpi Pixart PMW3310 infrared optical sensor with integrated Bluetrace LED technology, capable of delivering gaming-level precision. Ideal for gamers, graphic designers, and other users that require a high level of precision in mouse control regardless of the surface.

DefenseGuard™ Antimicrobial Protection

Infused with antimicrobial additives, you can rest assured your mouse is fully protected. Unlike topically applied sprays, DefenseGuard™ offers antimicrobial protection to help prevent the growth of microorganisms that does not wear or wash off and lasts for the life of the product.*

*Antimicrobial protection is limited to the device itself. This mouse has been infused with an antimicrobial additive. Active ingredient: Silver Phosphate Glass (nano-). EPA Est/ 99234-CA-1

**Using supplied AA Alkaline batteries, tested to Targus standards. Can varies dependant on ambient conditions and individual working methods.
