

NEXT LEVEL RACING®

FLIGHT SEAT PRO

FLIGHT SIMULATION

*Can be combined with the Flight Stand Pro to create a complete cockpit (Flight Simulator Pro)

**Electronics not included.

*Next Level Racing® Flight Stand Pro is sold separately

A Flight seat that is suited for a wide range of flight users. The Next Level Racing Flight Seat Pro Features a wide frame design for extra stability and a center HOTAS mounting pole with height and angle adjustment, making it compatible with major brands, including Thrustmaster, VPC Mongoos, WINWING, and more. For added comfort and immersion during long flight sessions, the Flight Seat Pro includes a safety footstep, lumbar cushion, and seat harness, with a variety of flight plates that are compatible with a wide range of throttles and HOTAS peripherals on the market. With an ergonomically designed flight seat and support for helicopter and space setups, the Flight Seat Pro is the perfect choice for pilots of all levels. Plus, with included lockable castor wheels, the cockpit can be easily transported to different locations, making it the ultimate choice for professionals and enthusiasts alike. Flight users can place their Flight Seat Pro in front of their desk to achieve a genuinely immersive experience. Combine the Flight Seat Pro with the Next Level Racing® Flight Stand Pro*
