

NEXT LEVEL RACING®

FLIGHT STAND PRO

FLIGHT SIMULATION

*Can be combined with the Flight Seat Pro to create a complete cockpit

**Electronics not included

*Next Level Racing® Flight Seat Pro is sold separately

Introducing the Next Level Racing Flight Stand Pro - the ultimate flight simulation experience. With support for commercial, general aviation, and military configurations, this flight stand offers an authentic simulation experience. The centre HOTAS mounting pole with height and angle adjustment allows for true military configuration, and compatibility with major flight electronics. The wide frame design and rudder pedal plate with angle, height, and lateral adjustment accommodates a wide range of rudder pedals. Adaptable to any space, this stand is equipped with castor wheels that allow for easy transportation. The swivel flight arm and mouse/keyboard holder with angle adjustment provides a range of adjustment with customization opportunities. The Flight Stand Pro offers limitless possibilities for your flight simulation. Upgradeable to the full Flight Simulator Pro cockpit with the addition of the Next Level Racing Flight Seat Pro*. For a more immersive experience, the Flight Stand Pro is also compatible with Next Level Racing® Motion Plus Platform and Motion Platform V3**.
