

BUILT FOR THE ELITE

AFTER THREE YEARS OF RESEARCH AND DEVELOPMENT, NEXT LEVEL RACING® IS INCREDIBLY PROUD TO RELEASE THE NEW FLAGSHIP ELITE SERIES PRODUCT RANGE.

Built with the best quality, engineering, features, and functionality, the F-GT Elite Cockpit is for serious sim racer.

The new collaboration with iRacing® to introduce a co-branded cockpit is an exciting partnership as it is the first time the simulation software leader has associated their brand with a cockpit.

The complete Next Level Racing® Elite series ecosystem allows the user to upgrade and optimize their solution to suit their sim racing needs.

F-GT ELITE

FGT^{ELITE}

WHEEL PLATE EDITION

NLR-E001

Patent-pending design allows quick transition between Formula, GT & Hybrid racing positions

Next Level Racing® flex-free seat sliding system

Custom Next Level Racing® profile and post anodizing process for premium carbon grey scratch-resistant finish

Includes gear shifter and handbrake compatibility, with ButtKicker Gamer 2 adapter
