#### **Will Xiaomi use such related service data and for what?**

Yes, Xiaomi will use this kind of data so as to fulfill the purposes as indicated above.

#### **Will Xiaomi share with third parties?**

In general, the answer is negative. Xiaomi will ask for the consent of users in the cases that it needs to invite third parties to provide services for users.

#### **Users' Right to Lodge a Complaint**

According to Article 3 (3) (g) of Data Act, users have the right to lodge a complaint with the supervisory authority of the Member State regarding, among others, data disclosure or sharing.

At the time of publication of this document, EU Member States are working on designating the authorities of accepting complaints related to Data Act, and we will keep you updated if there are any progress.

### **3. Virtual Assistants**

You may use third-party virtual assistants' services (such as Google Assistants) through Xiaomi bedside lamps, and you typically need to log in to your third-party account and accept user terms or privacy policies. If you use these services, your devices may generate corresponding related service data. According to Data Act, these third parties are the holders of the data. Please contact them for information regarding such data.
