INFINITE - BECAUSE THE ENVIRONMENT MATTERS

INFINITE is eSTUFF's product line for products made with an environmental focus.

Responsibly Produced

The plugs and jacket contain 100% Global Recycled Standard* certified post-consumer recycled TPE, and the conductor insulation contain 100% Global Recycled Standard* certified recycled PE, certified by Intertek 233481.

The packaging is plastic free and is made from FSC Certified paper printed with solvent-free soy ink.

Durability

The cable is extremely durable. It is equipped with full laser-welded reinforced connectors and can withstand more than + 35.000 180° bends. The added Kevlar gives the cable a pull strength of +50 kgs.

Ultra Flexible and PVC Free

Due to the super soft material the cable can be bended and twisted endlessly and still remain untangled.

* The Global Recycled Standard verifies recycled material and tracks it from the source to the final product. In addition, facilities from the source to final supplier have met social, environmental, and chemical requirements.
