# Cyber Power

# **REMOTE MANAGEMENT CARD**

# The SNMP card allowing users to monitor and manage UPS to perform remote management

Ideal for UPS systems, the Remote Management Card Series provides remote and local management solution. It is an add-on component which can be inserted into a UPS expansion port, allowing users to easily monitor and control UPS status via web browsers, command line interface, and PowerPanel Power Management Software. The cards are plug-and-play design, simple to install into compatible UPS. The RMCARDs' user-friendly interface supports multiple languages, easy firmware upgrade, and remote schedule/shutdown/start-up/reboot of UPS.

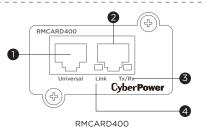

#### SERIES FEATURES

- High-speed Data Transmission
- Plug-and-play Installation
- User-friendly Web Interface
- Command Line Interface Supported
- Remotely Schedule Shutdown/Start-up/ Reboot of the UPS
- Automatic Event Notifications

## PRODUCT CALLOUTS

- 1. Universal (Serial) Port
- 2. Ethernet Port
- 3. Tx/Rx Indicator
- 4. Link Indicator

- Multi-language Supported
- User-upgradeable Firmware
- Simultaneous Multi-User Login
- Syslog Supported
- Secure Authentication
- Compatible with Environmental Sensor

## TECHNICAL SPECIFICATIONS

| Model Name                         | RMCARD400   |
|------------------------------------|---|
| Management & Communications        |   |
| LED Indicators                     | Tx/Rx, Link   |
| Connectivity Port                  | RJ45, RJ45 (for Environmental Sensor)   |
| Data Link Protocol                 | Ethernet 1000Base-T, Ethernet 100Base-TX, Ethernet 10Base-T   |
| Support Plug-and-play Installation | Yes   |
| Power Management Software          | PowerPanel Business (Recommended for small-medium scale management), PowerPanel Enterprise (Recommended for large scale management) |
| User-upgradeable Firmware          | Yes   |
| Remote Management                  | Web Browser, Command Line Interface, NMS  |
| Local Management                   | Web Interface, Command Line Interface   |
| Event Notifications                | E-mail, SNMP Traps, Syslog, SMS   |
| Supported Protocols                | IPv4/v6, SNMPv1/v3, HTTP/HTTPs, TCP/IP, UDP, DHCP, NTP, DNS, SMTP, SMTPS, SSH, SSL, TLS, Telnet, FTP, SCP, Syslog                   |
| Authentication                     | RADIUS, LDAP, LDAPS, Windows AD, IEEE 802.1x  |
| Multi-language Supported           | Chinese (Traditional), Chinese (Simplified), English, French, German, Spanish   |
| Environmental Sensor Supported     | Yes   |
| Physical                           |   |
| Dimensions (WxHxD) (mm.)           | 54 x 36.1 x 76.5  |
| Weight (g.)                        | 48  |
| Certifications                     |   |
| Certifications*                    | CE, FCC Class A   |
| RoHS                               | Yes   |
