

MIRA | Google TV

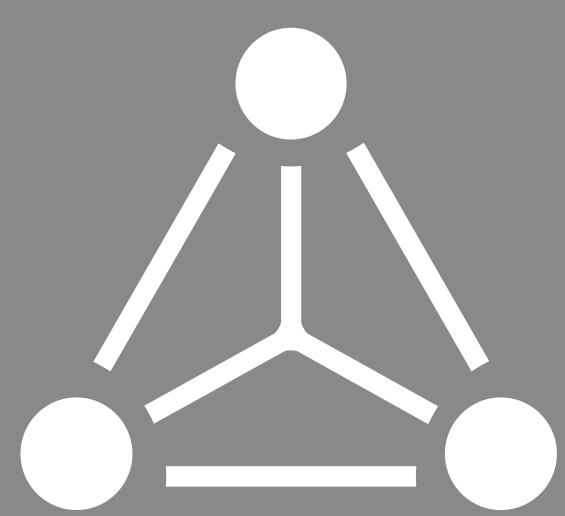

Where 4K Triple-Laser UST Meets Design

4K

Immersive 4K Projection

Create your own private movie theater at home with MIRA — the stylish 4K Ultra-Short Throw (UST) projector that brings a touch of magic into any space.

Cinema-Grade RGB Triple Laser

Powered by RGB Triple Laser technology, MIRA offers 2000 ISO Lumens and a 20,000:1 contrast ratio (DBLE ON), bringing vibrant colors and rich, inky blacks to every scene.

Where Projection Meets Home Aesthetics

Featuring a soft, water-resistant fabric finish in Moonlight Sand color, MIRA's aesthetic integrates effortlessly into your home. New XGIMI WALL art designs, exclusively for MIRA, transform your atmosphere in an instant.

SOUND BY
harman/kardon

36W Harman Kardon Sound with Built-In Google TV

Premium Harman Kardon audio and integrated Google TV deliver a complete home entertainment experience — ready whenever you are with no additional setup.

ISA 5.0

Smarter, Simpler Projection with ISA 5.0 for UST

XGIMI ISA 5.0 for UST introduces a new level of environmental awareness and precision in small spaces. With this technology, MIRA automatically adjusts the image alignment and clarity for exceptional performance at any distance.

Remarks

1. The brightness data is from the XGIMI Laboratory. Actual product brightness may differ based on the specific test software version, testing environment, and product version.

2. All parameters listed on this page are measured in a controlled test environment before the product is mass-produced.

The results may vary based on individual user experiences, including different environments, usage conditions, and firmware versions.
