Flip Your Space, Illuminate Your World

Advanced RGB Triple Laser Performance

Upgraded with RGB Triple Laser light source technology, the Elfin Flip Laser delivers brighter, more detailed visuals with 1600 ISO lumens and an impressive 10,000:1 dynamic contrast ratio.

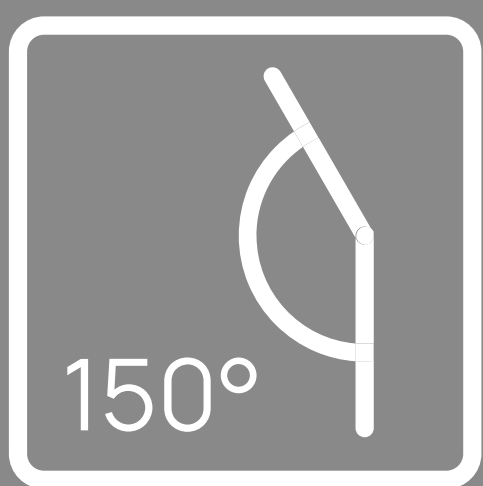

Harman Kardon Sound

Powered by Harman Kardon, the Elfin Flip Laser’s 7W speaker fills your space with rich, balanced sound, making every movie and match come alive.

Google TV with Built-In Netflix

Enjoy the latest blockbusters and must-watch shows on your Elfin Flip Laser. No setup or app downloads needed – just power on and start watching.

150° Integrated All-in-One Stand

Flip it open and the Elfin Flip Laser tilts to adapt effortlessly to any space. Use the stand as a handle to easily move the experience to another room.

Ready to Go with ISA

Powered by XGIMI Intelligent Screen Adaptation (ISA), the image automatically aligns and focuses itself for flawless viewing in any environment. Just flip it on and enjoy!

Remarks

1. The brightness data is from the XGIMI Laboratory. Actual product brightness may differ based on the specific test software version, testing environment, and product version.
2. All parameters listed on this page are measured in a controlled test environment before the product is mass-produced. The results may vary based on individual user experiences, including different environments, usage conditions, and firmware versions.
